Software License Grant. Subject to the terms and conditions of this Agreement, including, without limitation, the payment of any applicable License Fees, Ping Identity hereby grants Licensee a limited, non-exclusive, non-transferable, non-sublicenseable license during the term of this Agreement to install the Software, in machine-readable form only, on a physical or virtual machine server, such Software to be used solely (i) in connection with Azure AD under the Freemium Model and (ii) for Licensee's Workforce Use Case, in each case in accordance with the instructions, specifications and Documentation made available with the Software.

Restrictions. Except as expressly permitted by this Agreement, Licensee will not, and will not allow any third party to: (a) copy, modify, adapt, alter, translate, or create derivative works of the Software; (b) distribute, sell, resell, lend, loan, lease, license, operate as a service bureau, managed service, sublicense or transfer the Software; (c) reverse engineer, decompile, disassemble or otherwise attempt to derive the source code for the Software (except and only to the extent that such activity is expressly permitted by applicable law notwithstanding this limitation); (d) knowingly take any action that would cause the Software to be placed in the public domain; (e) remove, alter or obscure any proprietary notices of Ping Identity, its licensors or suppliers included in the Software; (f) use the Software for any use case other than a Workforce Use Case (unless a separate license agreement is executed with Ping for such usage); and (g) use the Software to connect to Applications in excess of the number of SSO Applications permitted under the Freemium Model (unless a separate license agreement is executed with Ping for such usage). Licensee will not allow any access to or use of the Software by anyone other than Licensee, or its employees or agents, and any such use must be consistent with the terms, conditions and restrictions set forth in this Agreement.

Delivery, Installation and Acceptance. Ping Identity will deliver the Software to Licensee by electronic download, unless otherwise agreed by the parties. The Software will be deemed accepted upon delivery.

Ownership. Ping Identity, its licensors and suppliers, own and retain all right, title and interest in and to the Intellectual Property Rights in the Software and any derivative works thereof, subject only to the limited license expressly granted to Licensee under this Agreement. Any rights not expressly granted to Licensee under this Agreement are reserved by Ping Identity, its licensors and suppliers.

Open Source Software. Certain items of software included with the Software are subject to the "open source" or "free software" licenses ("**Open Source Software**"). Some of the Open Source Software is owned by third parties. Nothing in this document limits Licensee's rights under the terms and conditions of any applicable end user license for the Open Source Software.

Support Services. Microsoft will provide Licensee with Support Services for the Software pursuant to its then-current support policy, as amended from time to time, located at HYPERLINK "https://azure.microsoft.com/en-us/support/options/" https://azure.microsoft.com/en-us/support/options/.

Fees and Payment.

License Fees. Licensee will not be responsible for any License Fees under the Freemium Model. Ping will charge for Software usage beyond the Freemium Model, which may include, in Ping's sole discretion, charging for all SSO connections to Applications that may have been provided free of charge under the Freemium Model.

Taxes. Licensee is responsible for paying all direct or indirect local, state, federal or foreign taxes, levies, duties or similar governmental assessments of any nature, including value-added, use or withholding taxes (collectively, "**Taxes**") associated with its purchase of the Software. If Ping Identity has the legal obligation to pay or collect Taxes for which Licensee is responsible under this section, the appropriate amount shall be invoiced to and paid by Licensee, unless Licensee provides Ping Identity with a valid tax exemption certificate authorized by the appropriate taxing authority.

Audit. Ping Identity will have the right, upon reasonable prior written notice to Licensee, at a mutually agreeable time, and no more than once in any 12-month period, to have an independent audit firm selected by Ping Identity audit Licensee's equipment on which the Software is installed, and all related back-up files, to verify compliance with this Agreement. Any such audit will be conducted during normal business hours in a manner so as not to unreasonably interfere with Licensee's normal operations. The audit will be conducted at Ping Identity's expense, unless the audit reveals that Licensee has failed to pay license fees consistent with its use of the Software, in which case Licensee will reimburse Ping Identity for all reasonable costs and expenses incurred by Ping Identity in connection with such audit, together with any applicable License Fees.

Infringement Claims. Ping Identity will defend at its own expense any action against Licensee brought by a third party alleging that the Software infringes any U.S. patents or any copyrights or misappropriates any trade secrets of a third party, and Ping Identity will pay those costs and damages finally awarded against Licensee in any such action that are specifically attributable to such claim or those costs and damages agreed to in a monetary settlement of such action. The foregoing obligations are conditioned on Licensee: (a) notifying Ping Identity promptly in writing

of such action; (b) giving Ping Identity sole control of the defense thereof and any related settlement negotiations; and (c) cooperating and, at Ping Identity's request and expense, assisting in such defense. If the Software becomes, or in Ping Identity's opinion is likely to become, the subject of an infringement claim, Ping Identity may, at its option and expense, either: (i) procure for Licensee the right to continue using the Software; (ii) replace or modify the Software so that it becomes non-infringing; or (iii) accept return of the Software, terminate this Agreement and refund Licensee the perpetual License Fees paid for such Software upon such termination, computed according to a 36-month straight-line amortization schedule beginning on the Effective Date. Notwithstanding the foregoing, Ping Identity will have no obligation under this Section 10 (Infringement Claims) or otherwise with respect to any infringement claim based upon: (w) any use of the Software not in accordance with this Agreement; (x) any use of the Software in combination with products, equipment, software, or data not supplied by Ping Identity if such infringement would have been avoided but for the combination with other products, equipment, software or data; (y) any use of a prior release of the Software after a more current release has been made available to Licensee; or (z) any modification of the Software by any person other than Ping Identity or its authorized agents or subcontractors. THIS SECTION 9 (INFRINGEMENT CLAIMS) STATES PING IDENTITY'S ENTIRE LIABILITY AND THE LICENSEE'S EXCLUSIVE REMEDY FOR ANY CLAIMS OF INFRINGEMENT.

Term; **Termination.**

Term of Agreement.   The term of this Agreement will begin on the Effective Date and will continue for a period of three (3) years, unless earlier terminated pursuant to this Agreement.

Automatic Termination.   This Agreement shall automatically terminate upon the earlier of the following events: (i) execution of a new license agreement between Licensee and Ping for PingAccess usage beyond the Freemium Model, (ii) one hundred and eighty (180) days following termination of the underlying partner agreement between Ping and Microsoft, or (iii) upon the expiration of the three (3) year term. In the case of (ii), Ping will provide written notification to Licensee as soon as reasonably practicable of such termination.

Termination for Cause.   Either party may terminate this Agreement if the other party breaches any material provision of this Agreement and does not cure such breach (provided that such breach is capable of cure) within 30 days after being provided with written notice thereof. Notwithstanding the foregoing, Ping Identity may terminate this Agreement immediately, upon written notice if Licensee, in any manner, breaches Section 2 (License Grant), Section 3 (Restrictions) subsections (a) – (e), or Section 13 (Confidentiality).

Effects of Termination.   Upon termination, the license rights granted hereunder shall terminate effective immediately and Licensee shall promptly (i) discontinue use of the Software, the Documentation and any other Ping Confidential Information; (ii) return, at Licensee's expense, any Ping Confidential Information (including all print copies thereof) in Licensee's possession or control; (iii) destroy all electronic copies of any Ping Confidential Information; and (iv) if requested by Ping Identity, certify that Licensee has complied with the foregoing requirements. With respect to termination pursuant to Section 10(b)(ii), Microsoft will continue to provide support for the Software during the one hundred and eighty (180) day transition period.

Warranty.

Performance. For a period of 90 days after the date of delivery of the Software (the "**Warranty Period**"), Ping Identity warrants that the Software, when used as permitted by Ping Identity and in accordance with the instructions in the Documentation, will operate substantially as described in the Documentation. Ping Identity will, at its own expense and as its sole obligation and Licensee's exclusive remedy for any breach of this warranty, use commercially reasonable efforts to (i) correct any reproducible error that Licensee reports to Ping Identity in writing during the Warranty Period or (ii) replace the defective Software. In the event that Ping Identity, in its sole discretion, may not achieve either (i) or (ii) as a remedy for breach of this warranty, Ping Identity agrees to accept return of the Software, terminate this Agreement and all licenses and refund Licensee all prepaid License Fees and Support Fees related to the defective Software. Any such error correction provided to Licensee under (i) will not extend the original Warranty Period.

Disclaimers Of Warranty. THE EXPRESS WARRANTIES IN THIS SECTION 11 (WARRANTY) ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS, IMPLIED OR STATUTORY, REGARDING THE SOFTWARE AND PING IDENTITY EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT OF THIRD PARTY RIGHTS. PING IDENTITY DOES NOT WARRANT THAT THE FUNCTIONS CONTAINED IN THE SOFTWARE WILL MEET LICENSEE'S REQUIREMENTS, OR THAT THE OPERATION AND RESULTS OF THE SOFTWARE WILL BE UNINTERRUPTED OR ERROR-FREE, OR THAT DEFECTS IN THE SOFTWARE WILL BE CORRECTED. THE ENTIRE RISK AS TO THE RESULTS AND PERFORMANCE OF THE SOFTWARE IS ASSUMED BY LICENSEE. FURTHERMORE, PING IDENTITY DOES NOT WARRANT OR MAKE ANY REPRESENTATIONS REGARDING THE USE OR THE RESULTS OF THE USE OF THE SOFTWARE OR RELATED DOCUMENTATION IN TERMS OF CORRECTNESS OR ACCURACY, RELIABILITY, CURRENTNESS OR OTHERWISE. NO ORAL OR WRITTEN INFORMATION OR ADVICE GIVEN BY PING IDENTITY OR ITS AUTHORIZED REPRESENTATIVES SHALL CREATE A WARRANTY OR IN ANY WAY INCREASE THE SCOPE OF THIS WARRANTY.

Limitation of Liability; Exclusion of Consequential Damages. IN NO EVENT WILL PING IDENTITY BE LIABLE FOR ANY INDIRECT, CONSEQUENTIAL, SPECIAL, PUNITIVE OR INCIDENTAL DAMAGES, OR FOR ANY LOST DATA, BUSINESS INTERRUPTION, LOST PROFITS OR COSTS OF PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES, ARISING FROM OR RELATING TO THIS AGREEMENT, HOWEVER CAUSED AND UNDER ANY THEORY OF LIABILITY (INCLUDING NEGLIGENCE), EVEN IF PING IDENTITY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. TO THE EXTENT THAT, AS A MATTER OF APPLICABLE LAW, LIABILITY FOR INDIRECT, CONSEQUENTIAL, SPECIAL OR INCIDENTAL DAMAGES MAY NOT BE EXCLUDED OR LIMITED, PING IDENTITY'S LIABILITY FOR SUCH DAMAGES SHALL BE LIMITED TO THE MINIMUM PERMISSIBLE UNDER SUCH APPLICABLE LAW. PING IDENTITY'S TOTAL CUMULATIVE LIABILITY IN CONNECTION WITH THIS AGREEMENT AND THE SOFTWARE, WHETHER IN CONTRACT OR TORT OR OTHERWISE, WILL NOT EXCEED ONE HUNDRED DOLLARS ($100).

Confidentiality; Consent for Collection and Transmission of Licensee Data

Protection. Licensee will not use any Ping Confidential Information for any purpose not expressly permitted by this Agreement, and will disclose the Ping Confidential Information only to the Licensee's employees or contractors who have a need to know such Ping Confidential Information for purposes of this Agreement and who are under a duty of confidentiality no less restrictive than the Licensee's duty hereunder. The Licensee will protect the Ping Confidential Information from unauthorized use, access, or disclosure in the same manner as the Licensee protects its own confidential or proprietary information of a similar nature and with no less than reasonable care.

Exceptions. Licensee's obligations under this Section 13 (Confidentiality) with respect to any Ping Confidential Information will terminate if and when Licensee can document that such information: (a) was already lawfully known to Licensee at the time of disclosure by Ping Identity; (b) is disclosed to Licensee by a third party who had the right to make such disclosure without any confidentiality restrictions; (c) is, or through no fault of Licensee has become, generally available to the public; or (d) is independently developed by Licensee without access to, or use of, Ping Confidential Information. In addition, Licensee may disclose Ping Confidential Information to the extent that such disclosure is: (i) approved in writing by Ping Identity; (ii) necessary for Licensee to enforce its rights under this Agreement in connection with a legal proceeding; or (iii) required by law or by the order of a court or similar judicial or administrative body; *provided* that Licensee notifies Ping Identity of such required disclosure promptly and in writing and cooperates with Ping Identity, at the Ping Identity's reasonable request and expense, in any lawful action to contest or limit the scope of such required disclosure. In addition, if Licensee recommends to Ping Identity additional features, functionality, or performance that Ping Identity subsequently incorporates into the Software, then with respect to such recommendations, Licensee hereby (y) grants Ping Identity a worldwide, non-exclusive, royalty-free, perpetual right and license to use and incorporate such recommendations into the Software, and (z) acknowledges that the Software incorporating such new features, functionality, or performance shall be the sole and exclusive property of Ping Identity and all such recommendations shall be free from any confidentiality restrictions that might otherwise be imposed upon Ping Identity pursuant to this Section 14 (Confidentiality).

Data Collection and Transmission. By using the Software or agreeing to the terms of this Agreement, Licensee hereby consents to Microsoft's collection, use and disclosure to Ping of Licensee's name, Licensee's Azure AD tenant identification number, Licensee's contact information (including, but not limited to, Licensee's phone number and address), and the number and type of SSO Applications connected to by Licensee under the Freemium Model (collectively, the "**Business Information**"). Ping will handle such Business Information in accordance with Ping's privacy policy located at https://www.pingidentity.com/en/legal/privacy.html.

U.S. Government End Users. If Licensee is a branch or agency of the United States Government (the "**Government**"), the following provision applies. The Software is comprised of "commercial computer software" and "commercial computer software documentation" as such terms are used in 48 C.F.R. 12.212 and qualify as "commercial items" as defined in 48 C.F.R. 2.101. Both the software and documentation are provided to the Government: (a) for acquisition by or on behalf of civilian agencies, consistent with the policy set forth in 48 C.F.R. 12.212; or (b) for acquisition by or on behalf of units of the U.S. Department of Defense, consistent with the policies set forth in 48 C.F.R. 227.7202-1 and 227.7202-3. The Government shall acquire the software and documentation with only those rights set forth in this Agreement, and any use of the software and

documentation by the Government (i) constitutes agreement by the Government that the software and documentation are "commercial computer software" and "commercial computer software documentation" as defined in this paragraph and (ii) constitutes acceptance of the rights and restrictions herein.

Compliance with Laws. Licensee will comply with all applicable laws and regulations concerning its use of the Software, including without limitation all applicable export and import control laws and regulations. In particular, Licensee will not export or re-export the Software or the Documentation without all required government licenses.

General. This Agreement will be governed by the laws of the State of Colorado in the United States of America, without reference to any conflict of laws principles that would require the application of the laws of any other jurisdiction. The federal and state courts for Denver County will have exclusive jurisdiction over any disputes, claims or controversies arising out of or relating to this Agreement, and Licensee hereby irrevocably waives any objection to the jurisdiction of such courts over any such dispute, claim or controversy. If any provision of this Agreement is held to be unenforceable, that provision will be enforced to the extent permissible by law and the remaining provisions will remain in full force. Licensee may not assign or transfer, by operation of law or otherwise, any of its rights under this Agreement to any third party without Ping Identity's prior written consent. Any attempted assignment or transfer in violation of the foregoing will be null and void. Ping Identity will have the right to assign this Agreement without consent to any successor to its business or assets to which this Agreement relates, whether by merger, sale of assets, sale of stock, reorganization or otherwise. This Agreement is the complete and exclusive statement of the agreement between Ping Identity and Licensee and supersedes any proposal or prior agreement, oral or written, and any other communications between Licensee and Ping Identity in relation to the subject matter of this Agreement.
